

CHAMPION your career

Fast Forward your Project Management Career
with a CAPM® or PMP® Credential

Your Future. Our Focus.

Northern Illinois University

Project management is a rapidly growing profession with an anticipated 1.57 million new jobs created worldwide each year through 2020. The CAPM® or PMP® credentials awarded by the Project Management Institute (PMI)® Project management credentials are among the most highly demanded in today's marketplace and will help establish you as a globally recognized project management professional. Earning these professional credentials:

- Demonstrates that you have the experience, education, and competency to be a valuable contributor and leader to project teams.
- Gives you a competitive advantage for career advancement
- Increases your earnings potential! According to PMI®, PMP®s in the U.S. command higher salaries and can earn upward of \$15,000 more annually than non-certified professionals.
- Opens new doors to career opportunities. Knowledge and skills are transferable between industries, market segments, and geographic locations.

This program is ideal if you manage, lead or participate in project implementation in all types of business and industry including:

- Administration
- Artistic/Creative Services
- Banking and Finance
- Computers and Information Technology
- Construction
- Consulting
- Customer Service
- Education
- Engineering
- Facility Management
- Government
- Health Care
- Human Resources
- Insurance
- Law Enforcement
- Legal
- Public Relations
- Purchasing
- Quality
- Supply Chain
- Training

JUST BEGINNING YOUR CAREER?

The **CAPM® credential** is appropriate for early career professionals or project team members seeking opportunities to manage larger projects and gain more responsibility or add project management skills to your current role. Individuals who contribute specialized skills to a project team can benefit from this certification by allowing them to align their work with that of project managers.

HAVE EXPERIENCE AND WANT TO TAKE YOUR CAREER TO THE NEXT LEVEL?

The **PMP® credential** is one of the most highly demanded credentials in the global marketplace and is appropriate for mid to senior level professionals who lead and direct projects. PMP®s command higher salaries than non-credentialed.

Candidates for the CAPM® and PMP® certifications must meet the education and experience eligibility standards and be a member of the Project Management Institute® pmi.org

Content covered in this program is also relevant to candidates not currently meeting the PMP® experience requirements but wanting to sit for the PMI's Certified Associate in Project Management® (CAPM®) exam. Visit pmi.org for details related to the CAPM® exam.

WHAT IS COVERED IN THIS PROGRAM?

The course teaches to the five PMP knowledge domains defined by the profession:

- Initiating the Project
- Planning the Project
- Executing the Project
- Monitoring and Controlling the Project
- Closing the Project

Topics include:

- Project Management Concepts
- Project Management Framework
- Project Management Skills
- Integration Management
- Scope Management
- Time Management
- Cost Management
- Quality Management
- Human Resource Management
- Communications Management
- Risk Management
- Procurement Management

LET NIU COACH YOU TO SUCCESS

- Certified PMP® instructors bring practical real-world application experience to the classroom.
- Work-friendly program formats (Saturday, Evening, and Intensive options)
- Cost effective learning - Registration fee includes the CertWise print and online study materials. Catering services are included for Saturday and Intensive formats.
- Convenient payment plan option available for early registrations
- Approved for Workforce Innovation and Opportunity Act (WIOA) funding unemployed and under-employed Illinois candidates
- Deliverable on-site as a contract training for groups of 10 or more students.

This course satisfies the 23 hour education requirement for CAPM® candidates and the 35 hour education requirement for PMP® candidates.

Exams will be revised winter 2018. Take advantage of this last chance opportunity to earn your credentials under the current standards by taking exams before the end of 2017
